

African Leadership Development

# African Leadership Development JULY 2018

Dear Friends,

**Thanks so much for being part of our support team.** Many of you **pray** for us and we are extremely grateful. Those who **give** regularly allow us to see the Kingdom advance in Africa.

We have not recovered the stolen solar panels and batteries, but we have been on the trail. Philip has gone with detectives several times to try to find the perpetrators. Please continue to pray for their recovery and for justice to be done.

The **13th Pastors and Wives Conference** is fast approaching! This year we will be having the conference for the first time in **Zimbabwe**. So many of you have helped sponsor one or more of the pastors and their wives. It truly is a life changing event. We would love to have you partner again this year and it will be a little earlier than usual, this time in October. Two couples from **Caring For The Heart Ministries** will be sharing. One of the couples has been with us previously and the other has been teaching and counseling with them for 12 years. This year **Pam** will be at the conference for the first time. We are very excited to minister together!

The bottom picture is **Mike Mcpherson** with our youngest orphan, **Thumi**, who is earning to play the harmonica. Mike and I will be going back to Africa in 4 weeks. Mike is such a great servant and super hard worker. He loves the kids and can't wait to get there to serve! He is a HUGE asset to ALD.

Thanks again for all prayers and gifts! Please pray for Phillip's youngest daughter **Unalina**. She was accidentally scalded by a pot of boiling water but is doing better every day. Please pray for no infection and minimal scaring.

Blessings, **Bill**

I would like to sponsor \_\_\_ couple or couples for the 13th Pastors and Wives Conference. Each couple needs \$300.00 for the conference or \$\_\_\_\_\_ to help towards sponsoring a couple.

Name: \_\_\_\_\_

Address: \_\_\_\_\_

City/State: \_\_\_\_\_ (Please Tear Off and Send With Your Gift)
